2. Read the following passage carefully and answer the questions below :
- Religion in India means the Great Path. It does not imply a narrow view of life. It covers all the phases of an individual's life and enables him to attain liberation by removing his ignorance. The Indian view of life has four ends, which include the practice of virtue, acquisition of wealth, sensuous pleasures and salvation, which is freedom from want and desire. The view of life is fully reflected in Indian art. There is no contradiction between the rich sensuousness of Indian art and its religious intentions. A perfect fusion of religion and art is a real experience in India.
